Humphrey Feels Trip Was Success

By HARRY KELLY
BRUSSELS, Belgium (AP) — Vice President Hubert H. Humphrey flew home from Europe today reportedly feeling he achieved diplomatic successes despite the protests against the Vietnam war which captured much of his headlines.

Humphrey feels his two-week, seven-nation tour reassured European leaders that the United States is not turning its back on Europe despite its concerns in Asia.

Some observers believe he may urge President Johnson to make a similar trip. The vice president is understood to believe such visits improve personal relations between leaders who otherwise have to conduct their dealings through ambassa-

dors and cables.

Shouting demonstrators threw things at him in Brussels, Rome, Florence, West Berlin and Paris but never hit him. The demonstrating groups were generally small.

Summing up before his departure from Brussels, Humphrey said:

"My visits here and to other Western European capitals have confirmed my belief that the enterprise and undertakings which unite Europe and the United States are of vastly greater importance than the minor differences which sometimes distract us."

He said he was heartened by what he saw and heard in Europe and "convinced that we must and that we shall work together."

American diplomats along Humphrey's route — through Switzerland, the Netherlands, Britain, Italy, West Germany, France and Belgium — praised his performance.

The vice president's real grading as a diplomat, though, will come when his government assesses the impact of his talks on the Kennedy Round of tariff negotiations and the negotiations for a treaty to check the spread of nuclear weapons.

Humphrey is understood to have advised all the European leaders he visited that the United States would not make any deal with the Soviet Union or reduce the size of its forces in the North Atlantic Treaty Organization without consulting its allies.

The vice president received cheers from a crowd of onlookers in Brussels Sunday, although police moved in earlier and scattered less than 100 hostile demonstrators. His limousine and a Secret Service agent were splattered by an egg.

At lunchtime, the boy had trouble cutting his meat and the hostess asked if she could help. "That's all right," the boy said frankly. "We have meat this tough at home sometimes."

HEADIN' FOR THE FESTIVAL — This group of musicians from Stone County plus thousands of visitors from across the nation will converge upon Mountain View, Arkansas April 21-22-23 to celebrate the fifth annual Arkansas Folk Festival. Nationally famous Jimmie Driftwood (in back of wagon) will direct the programs. Festival visitors will see native crafts, whittling, basket-making, dolls, pottery and many other items displayed by the Ozarks Foothills Handicrafts Guild. Just a hoot-an'-a-holler away in Timbo the local folks will be demonstrating on Saturday and Sunday such primitive crafts as spinning, weaving, soap-making, and dozens of others.

Reagan's 100 Days Not a Honeymoon

By BILL BOYARSKY
SACRAMENTO, Calif. (AP)

Ronald Reagan has swept through his first 100 days as governor of California with a dash and glamour reminiscent of his movie star days, but he concedes it hasn't been a honeymoon.

A Democratic opponent calls it a period of "on-the-job training" for a newcomer to office.

Nevertheless, Reagan has been propelled into the national spotlight as a possible Republican presidential nominee — praised and condemned for his determination to keep campaign promises of governmental economy and to move California along a conservative path.

"I think he has made more headway this year than any other possible Republican candidate for president," said Oregon's first-term Republican governor, Tom McCall.

Reagan, inaugurated Jan. 2 as chief executive of the nation's most populous state, completes his first 100 days Tuesday.

There has not been the flood of new laws that sometimes marks the advent of a landslide victor, but there has been plenty of noise and fire as Reagan has tried to redirect the course of a state accustomed to the liberal programs of his Democratic and Republican predecessors.

For one thing, Reagan confronts a legislature controlled by the Democratic opposition; and sometimes his Republican colleagues have disagreed with him.

In three months he has changed from a Hollywood personality to an executive who takes a briefcase of papers home at night and makes decisions next day from one-page memos typed by his staff.

In four paragraphs, they summarize the issue, the facts, the discussion and the recommendation.

Reagan has spoken before 10,000 demonstrators protesting his effort to charge tuition at state colleges and universities.

Polls indicate he has retained much of the popularity which carried him to an almost million-vote victory over Democratic Gov. Edmund G. Brown last November.

At the age of 56, Reagan is enjoying the job and is jaunty and full of the charm that made him a hit on the screen and on the political platform.

His hair is still a youthful brown, and his lined face is often creased in a friendly grin.

With his national prominence increasing, the governor intends to lead a "Reagan for president" favorite-son delegation to the 1968 Republican National Convention.

He maintains he is not a serious candidate, but his California supporters believe he could wind up with the nomination if the convention should deadlock.

In his 1966 race, Reagan promised morality in government, more local control and strict economy—a program he called the "Creative Society."

He concedes he has had problems but insists, "I believe we have made a good start toward implementing the Creative Society."

"I'd been led to believe there was a honeymoon period, but evidently I lost the license on

the way to the church, because I haven't had any honeymoon for 100 days."

His Democratic opponents agree with this.

"Largely on-the-job training," is the way Democratic Assembly Speaker Jesse M. Unruh sizes up the first months.

Republican Lt. Gov. Robert H. Finch differs, saying, "By and large, the public is going to give him a big 'E' for effort and thinks he is trying to do what he set out to do."

"The first 100 days have been a shakedown period, setting up relationships. The governor's staff has been jockeying to see who will be closest to his ear and there has been jockeying by legislative leaders."

Russia Offers Peephole Into Arctic

By GEORGE BOULTWOOD
OSLO, Norway (AP)—The Soviet Union has offered to reopen a tourist peephole into Arctic Russia. The Norwegian government, mindful of past complications, has decided to look the other way.

The Soviet state travel agency Intourist said that from May 1 tourists of all nationalities may visit a tiny segment of the Soviet Union called Boris Gleb. They may stay 48 hours without visas.

Boris Gleb adjoins a tongue of Norwegian territory thrust between northern Finland and the Soviet Union's Murmansk region, more than 150 miles north of the Arctic Circle.

In response to the Soviet offer of March 2, Norway said last Wednesday it did not consider Boris Gleb significant enough as a tourist attraction to open a border station at Skaffthulet, the closest point of approach.

The Norwegian statement said the government would stick to the regular border crossing at Storskog, farther away. It said if the Soviets want to admit tourists there without visas just to visit Boris Gleb, that is their own business.

This was interpreted as meaning the Norwegians are discouraging visits to Boris Gleb without prohibiting them outright.

It was at Boris Gleb that Newcomb Mott, an American vacationer, wandered across the border in 1965. He was arrested and died mysteriously in Soviet captivity.

Boris Gleb adjoins a Norwegian district where prohibition is in force and thus is a lure to the thirsty. Returning drinkers have aroused indignation among the Norwegians in the past.

It isn't clear why the Soviets want to show off the district, less than three square miles in area.

There's not much to see. The most popular attraction is the bar. There are a church, a restaurant and a filling station. The scenery is the same as the wild country on the Norwegian side.

Opening the border might yield the Soviets some foreign currency. The Russians charge six Norwegian kroner—90 cents—at the border and presumably the bar and restaurant do a good business.

Chicago's Exposition Livestock Exposition, which ranks as the foremost exposition of its kind in the world, began in 1900.

Revocation of Parole Is Upheld

LITTLE ROCK (AP) — The Arkansas Supreme Court upheld today the revocation of the parole of a Lincoln County man after he pleaded guilty to driving while intoxicated.

Andrew Webb of near Gould contended that he was deprived of a bond and a public trial, had no counsel, was not advised that he was entitled to it, and was "whisked away" to the penitentiary immediately after arraignment before a justice of the peace, therefore depriving him of a chance of appeal.

The court said it had held in another case that the administration of the parole law was vested in the executive branch and not the judicial branch of government and that a claim to counsel at a revocation hearing was without merit.

The court said Webb also could have appealed the revocation after being returned to the penitentiary.

The court said a parole revocation can be set aside in the court, however, if it is shown that the parole board acted arbitrarily.

Webb was on parole from a three-year sentence at the time of his arrest July 17, 1966.

The court also affirmed two other cases in which appellants contended they were without counsel.

In one of them, the court affirmed Polmett Circuit Court in revoking a six-year suspended sentence given Robert Courtney, after he was convicted and sentenced to 21 years in prison on a charge of burglary and grand larceny.

In the other case, the court affirmed the five-year sentence of Lloyd W. Davis on a charge of receiving the earnings of a prostitute. Davis was convicted in Garland Circuit Court.

described the campaign against Liu as an "unprecedented mass movement." It said 20,000 workers, peasants, soldiers, revolutionary cadres and Red Guards held rallies in Peking Saturday and denounced Liu for launching "wild attacks on Chairman Mao and the thought of Mao Tse-tung."

More Gunfights Reported in Korea

SEOUL, South Korea (AP) — South Korean army patrols shot and killed four North Koreans in two gun fights on the western front today, army headquarters announced.

Both border clashes occurred within 20 miles of the gunfight last Wednesday in which U.S. 2nd Infantry Division troops killed at least four North Koreans, an army spokesman said.

There was no immediate report of any South Korean casualties in the incidents today.

The spokesman said the four North Koreans raised to 12 the number of Communist intruders killed by South Korean soldiers in four major border incidents this year.

The spokesman said a patrol encountered three North Korean intruders south of the demilitarized zone this afternoon. In a brief gunfight, the patrol killed one of the North Koreans and the other two fled into the heavy underbrush. The patrol pursued them for an hour and finally killed them both.

In the second incident, the spokesman said, one of two Communists was killed in a brief exchange of gunfire with another patrol south of the demilitarized zone. The spokesman said the other North Korean fled north, leaving his comrade's body.

Hottest place in the United States is Death Valley, Calif., which once recorded 134 degrees in the shade.

HERE'S A SWITCH

Dear Helen: My daughter is being married in June. Her father and I are both divorced and both remarried. She will not accept either of the stepfathers, though our divorce was a friendly one, and we all accept each other. Consequently, she won't invite my husband or her father's wife to the wedding. She lives with me. Conditions are somewhat strained.

How can her wedding invitations be worded so that she will feel she is not hurting her father or me, in the eyes of our friends? It doesn't matter to us adults, but she wants to be very proper as this will be a large wedding.—MRS. S.

CAROL JANE SHEPARD

Mr. and Mrs. Willie Shepard of Patmos announce the engagement and approaching marriage of their daughter, Carol Jane, to Doyott Collins, son of Mr. and Mrs. Weaver Collins of Hope.

The bride-elect is a 1964 graduate of Hope High School and attended Southern State College in Magnolia and is presently employed by Southwestern Bell Telephone Company in Hope.

The groom-elect is a 1960 graduate of Hope High School

and attended Texarkana Jr. College in Texarkana. Mr. Collins is owner of Collins Electronic Service in Hope.

The wedding will be an event of Sunday, May 14, at 2 p.m. in the Garrett Memorial Baptist Church with Rev. Clyde Johnson officiating.

No invitations will be sent. Friends and relatives are cordially invited to attend. A reception will be held immediately following in the Church Reception Hall.

product and who wants that many? Why do companies flood us with coupons that irritate us because we must throw them away?—MRS. B. B.

Dear Mrs. B: That's a good question. The answer: Even though coupons drive you and me (and grocery store clerks) up the wall, they sell products to millions of bargain-hunting females. I wish there was some other way, because they turn so many women dishonest—or didn't you know it's illegal to give or receive money for a coupon unless the product it advertises is purchased?

I've solved the problem by throwing them all away—and hating myself because this is just like tossing money into the fireplace.—H.

Dear Helen: I certainly agree with the woman, who doesn't like models standing with their legs so wide apart, like a baytree. It's shameful and indecent.

And these tiny skirts that look like they're made for two-year olds! If a lustful sinner would bring out the style of silly creatures going around with a basin on their heads carrying an umbrella and nothing else, women would fall for it. How much more sinful can our nation become? trade them in! You either have to buy the item, or can trade it in just a percentage, or else your favorite stores won't take them—they're outdated. Sometimes you get as many as six coupons at one time for the same

legged models don't mean "sin"

unless you read sin into them. Sometimes reformers have overactive imaginations.—H.

Not Drafting Monks After All

By THE ASSOCIATED PRESS HOLLYWOOD (AP) — They're not drafting David Jones after all. He is a 21-year-old cosar of "The Monkees" television series.

There was a teen-age picket line in London Wednesday protesting his induction, but a spokesman for Jones said "not only hasn't he been drafted, he hasn't yet taken his physical." Jones is a British subject.

Grandchildren Take His Heart

MINNEAPOLIS, Minn. (AP) — Twenty-one grandchildren have captured John Loescher's heart and convinced the 70-year-old that the trip back to East Germany isn't worth it after all. Loescher is visiting five of his 11 children. He hadn't seen them in 20 years. He was planning on returning home, but the kids just "pushed me over" to the decision to stay, he said Thursday.

He had received a four-week visa in East Germany to travel to West Germany and obtained another visa from the American consul in Frankfurt.

Brewer Is Winner of Masters

By BOB GREEN
Associated Press Sports Writer
AUGUSTA, Ga. (AP) — "Only great golfers win the Masters," said Bobby Jones to Gay Brewer. "That's why I'm happy you won it — you're a great golfer."

"I'm choking up," said Brewer.
"You don't choke and win this tournament," said Jones, the immortal Grand Slammer who founded this tournament and designed the Augusta National course.

He was right. Brewer didn't choke. Dubbed "the man who will never come back," he had lived for a year with the nightmare of a hanging putt that never fell.

He wiped out that dreadful memory Sunday in a sweeping charge over the lush green acres of Augusta National, coming from two strokes back, climbing over three men and winning the 31st Masters with a brilliant, five-under-par 67 for 280.

"I may be the happiest man in history to win the Masters," the graying, 35-year-old tour regular said after he had broken the seven-year stranglehold of the Big Three — Jack Nicklaus, Arnold Palmer and Gary Player — on the prestigious event.

Nicklaus, three-time champion and winner of two in a row, failed to make the cut for the last two rounds. Palmer, a four-time champion, finished with a 69 for 285 and fourth place. Player, the little South African who won in 1961, finished with 71 for 287 and a share of sixth.

"The Masters is really something special for me," the six-foot, hard-hitting Brewer said, "especially after last year. I really wanted to win this one. I wanted to prove to myself that I had it in me to do it."

Brewer, who had never before won a major tournament, came within a fraction of an inch of it in the 1966 Masters. He went to the 18th tee with a one-stroke lead and was on the green in two.

Needing only a par to win, he three-putted from 40 feet, leaving a five-foot par putt — the one that would have won it — hanging on the lip of the cup.

Nicklaus and Tommy Jacobs tied him and when it went to a playoff Brewer finished third with a dismal 78.

"He'll never come back," most observers said.
"I don't remember things like that," said Brewer. But history indicated otherwise. He didn't win another tournament that year, but finished second three times, twice losing in playoffs.

He was second two more times this year, third once and finally broke through a week ago in the Pensacola Open with a startling 262.

He had every opportunity to choke Sunday. He started off two strokes back of the leaders, Bobby Nichols, Julius Boros and Bert Yancey, and was paired with Nichols while Yancey and Boros were together.
Nichols finished with 70 and

281, one stroke back in second place. Yancey, the 28-year-old former West Pointer, had a closing 73 for 284 and third. Palmer was fourth and Boros fifth with a 75 for 286. Player and Paul Harney shared sixth at 287.

Palmer never really got his charge going.
He birdied the 11th and 13th to go two under. "But I missed a 12-foot eagle putt on 15 and a seven foot birdie on 16. If I'd had those, I'd have been five under and they might have been looking over their shoulders."

But they weren't. Neither were the leaders concerned with Ben Hogan, the 54-year-old all-time master who leaped into contention with a remarkable 66 in the third round. His hopes died on three straight bogeys in the early going and he limped in with a 77.

Couldn't Resist a Verbal Poke

By JOE MOOSHL
Associated Press Sports Writer
CHICAGO (AP) — Punch Imlach, elated over his Toronto Maple Leafs' surprise 3-1 victory over the Chicago Black Hawks Sunday night, couldn't resist taking a verbal crack at the star-studded Hawks.

"I understand they're going to have 10 guys on the All-Star team," said Imlach. "That's okay with me as long as we win the games."

The victory enabled the Leafs to even their best-of-7 Stanley Cup semifinal series at one game each but as Imlach said, "It was big, big big."

The scene now shifts to Toronto for games Tuesday and Thursday where a pair of Leaf victories would all but knock the National Hockey League champion Hawks out of the running.

Toronto took charge from the very outset and by the time the Hawks put on some pressure for about five minutes midway in the third period, it proved to be too late.

Pete Stelmowski put Toronto ahead 1-0 at 8:07 of the first period and at 18:33 Dave Keon scored a goal while the Leafs were short-handed.

George Armstrong made it 3-0 in the second period on a power play, while Stan Mikita spoiled Terry Sawchuk's bid for a shutout with a goal at 8:45 of the final period.

Hawk Coach Billy Reay attributed the defeat to two key plays, both in the first period. Eric Nesterenko broke in on Sawchuk with a shot which the Toronto goalie swept aside.

"Had Nester scored, it might have been different," said Reay. "And when they scored while short-handed, that really gave them a lift."

Bobby Hull, Chicago's Golden Jet, said his injured knee was no worse but "I'm still not skating." Doug Mohns said his back ailment seemed better but he suffered another injury when he got cut by a stick above the right hip.

In the Montreal-New York semifinal series, which shifts to Madison Square Garden Tuesday night, the Rangers hope home ice will help them break into the victory column against the streaking Canadiens.

Montreal trimmed the visiting Rangers 3-1 last Saturday afternoon on third-period goals by John Ferguson and Ralph Backstrom after winning the series opener 6-4 with a five-goal burst in the last 11 minutes.

Celtics Win to Keep Hopes Alive

By LARRY ELDRIDGE
Associated Press Sports Writer
BOSTON (AP) — Alex Hannum came to bury the Celtics but wound up praising them.
"The Celtics were magnificent," Hannum said after Boston's nationally televised 121-117 victory Sunday prevented a sweep by the Philadelphia 76ers in the Eastern Division final playoffs. The triumph kept alive the Celtics' faint hopes for a ninth straight National Basketball Association title.

But the 76ers, leading 3-1 in the best-of-7 series moves back to Philadelphia for a game Tuesday, were confident that the funeral oration will be delivered then.

"We expect to wrap it up in Philly," Hannum said in a dressing room interview shortened because of an earlier threatening telephone call. The threat was apparently by a crank, but the Philadelphia coach was given police protection before, during and after the game as a precaution.

"We won't be back to Boston," added veteran guard Hal Greer. "I don't think Boston can put games back-to-back like this one today."

The sellout Boston Garden crowd of 13,909 disagreed.
"We ain't dead," they chanted in retaliation to the cries of "Boston is dead" which ran through Philadelphia's Convention Hall last Wednesday night as the 76ers won their third straight game.

Sam Jones and John Havlicek led Boston's attack with 32 and 31 points, respectively.
Jones, the veteran backcourt star, came up with two big plays in the closing seconds — banking in a 10-footer to give the Celtics a 117-114 lead, then stealing the ball and cashing two free throws.

"Those were the key plays," Player-coach Bill Russell said. "That was a real big game Sam played."

Russell's work against Wilt Chamberlain also was a factor. The 7-foot-1 Philadelphia superstar had 20 points and 10 assists, but was not as dominant as in earlier games and lost the rebound battle to the 6-foot-9½ Russell, 28-22.

Luke Jackson led the 76ers with 29 points and Greer had 26.
San Francisco's position did not look as good as that of the 76ers. The Warriors returned to San Francisco for the fifth game of their best-of-7 Western Division playoff tonight with only a 2-2 break against St. Louis.

Making matters worse, the Warriors might be without the league's top scorer, Rick Barry, who suffered a sprained ankle in the second quarter of Saturday's 109-104 loss in St. Louis and saw little action after that.

Coach Bill Sharman called Barry's status indefinite, but insisted that his club could win even if the high-scoring forward is unavailable.

Monitor Is Arkansas Derby Winner

HOT SPRINGS, Ark. (AP) — Jockey Jimmy Nichols guided Claiborne Farm's Monitor to a nose victory in the \$50,000 add-on Arkansas Derby at Oaklawn Park Saturday, as Oaklawn's most successful race meeting ever came to a close.

Monitor broke the track record for the 1½ mile test but had to withstand a foul calm before the result was official. Holiday Stable's Ask The Fare was second, ¾ of a length in front of Barbs Delight, a 15-1 shot.

Nichols had Monitor fourth most of the way and then colared Barbs Delight one sixteenth from home. The fast-closing Ask The Fare narrowly missed catching Monitor at the wire.

The jockey on Barbs Delight, Larry Grubb, charged interference at the sixteenth pole but the foul claim was not allowed.

Monitor, a slight favorite, was timed in 1:48 3/5, 1-5 better than the mark set by Al Davelle in the 1959 Arkansas Derby. Monitor returned \$4.60, \$3 and \$3. Ask The Fare paid \$3.20 and \$3.40, while Barbs Delight paid \$8.40.

Roma K. and Mr. Sidney set the early pace, followed by Barbs Delight and Monitor. Ask The Fare worked his way up from eighth in the field of ten three-year-olds.

Barbs Delight moved into the lead after six furlongs and Monitor made his move in the stretch.

U.S. Picks Team for Pan American

By LEW FERGUSON
Associated Press Sports Writer
MINNEAPOLIS (AP) — An 18-man basketball team, which All-America Elvin Hayes of Houston and collegiate scoring ace Earl Monroe of Winston-Salem didn't make, was named Sunday night to represent the United States in this summer's Pan American Games at Winnipeg.

"I believe we've got a winner," Coach Hal Fischer of San Francisco said of the selections. "I think we've got a very fine club."

Named to the team, which assembles at the University of Minnesota July 2 for 20 days of practice before going to Winnipeg for the start of the Pan American Games July 22, were: Westley Unseld of Louisville, Sonny Dove of St. John's, Don May of Dayton, Mal Graham of NYU and Jo Jo White of Kansas, who all competed for the NCAA in the three-day, round-robin U.S. trials tournament which wound up Sunday afternoon.

Kendall Rhine and Darel Carrier of Bartlesville, Okla., Jay Miller and Calvin Fowler of Akron and Steve Jones of the Jamaica Saints, who played for the AAU.

Robert Kauffman of Guilford College, Al Tucker of Oklahoma Baptist, Charles Paulk of Northeastern Oklahoma and Henry Logan of Western Carolina, who were members of the NAIA All-Star aggregation.

And Mike Silliman and John Clawson of the Army and John Snipes and Mike Barrett of the Navy, who represented the Armed Forces.

Fischer, who will be assisted by Minnesota's John Kundla, will trim the team to 12 players for the Winnipeg competition.

Notable among those left off the team were Hayes, Monroe and Darius Cunningham of the Army, a former Central, Ohio, State star.

All three missed out in the voting by a 42-member AAU selection committee which included Fischer and the coaches of the NCAA, NAIA, AAU and Armed Forces teams.

"The committee had to look at the ballplayers as they saw them here," Fischer said.

Monroe scored 22 of his 26 points in the crucial last 14 minutes to lead the NAIA to a 77-71 victory over the Armed Forces Sunday. That gave the underdog NAIA the team championship. Barrett, the meet's

No. scorer with 57 points, got 17 in the finale.

The NCAA wound up third despite a 92-65 drubbing by the AAU in Sunday's windup.

Phillips Signs

FAYETTEVILLE, Ark. (AP) — Loyd Phillips, an All-America defensive tackle for the Arkansas Razorbacks last year, was signed a contract with the Chicago Bears of the National Football League Wednesday.

Phillips indicated that he two-run homer in Pittsburgh's 6-2 victory over Philadelphia.

New Baseball Season Opens Up Today

By AL BOCK ?

In Washington, the Senators entertained the New York Yankees, today with all the pomp and pageantry of a presidential lifeline in Washington and the traditional National League first game at Cincinnati.

In Washington, the Senators hosted the National League champion Los Angeles Dodgers, who knew for sure they wouldn't have Sandy Koufax around for the first pitch.

The Dodgers, who rode Koufax' arthritic left arm to two straight pennants, sent Bob Miller, 4-2 last year, to the mound against the Reds' Jim Maloney, 16-8, Koufax, of course, has retired to the world of television.

President Johnson had a busy day planned in Washington and it wasn't clear right up until gametime (1:30 P.M. EST) whether he would be able to throw out the traditional first ball.

The Senators gave left-hander Pete Richter, 14-14 last year, the starting job against the Yankees' Mel Stottlemyre, 12-20.

The 16 other major league teams open their season Tuesday with four games scheduled in each league.

Pittsburgh will pitch Bob Veale, 16-12, at New York against the Mets' Don Cardwell, 6-6, a former Pirate.

Philadelphia opens at Chicago with Jim Bunning, the Phillies' ace at 19-14 last year, against the Cubs prodigy, Ken Holtzman, 11-16.

Denny Lemaster, 11-8, goes for Atlanta in Houston against the Astros' Mike Cuellar, 12-10. San Francisco will pitch Juan Marichal, 25-6, against Bob Gibson, 21-12, at St. Louis.

Cleveland opens with Sam McDowell, 9-8, or Steve Hargan, 13-10, against Kansas City's rookie flash, Jim Nash, 12-1. Detroit sends Denny McLain, 20-14, against the Angels' George Brunet, 13-13, at California.

Minnesota opens at Baltimore with Jim Kaat, 25-13, opposing Dave McNally, 13-6. Chicago will have either John Bushardt, 6-11, or Bruce Howard, 9-5, going against the Red Sox' Jim Lonborg, 10-10, at Boston.

The games at Houston, St. Louis, Kansas City and California will be played at night.

The exhibition season wound up Sunday with San Francisco capturing the mythical National League crown on a 17-9 record and Chicago taking the American League with 16-10. Both finished with victories, the Giants nipping California 7-5 and the White Sox downing the Chicago Cubs 6-3.

NLR Wins Arkansas Relays

FAYETTEVILLE, Ark. (AP) — North Little Rock edged Fayetteville, 115-114, in the AAA division of the Arkansas Relays here Saturday. The Wildcats finished second in the mile relay for the victory margin.

Benton captured the AA division, Berryville the Class A division and Prairie Grove the B division.

Three relay records fell in the AA division. Paul Hester of Benton ran a 4:41.0 mile; Jim Kelley of Benton high jumped 6-1½; and Dennis Blaylock of Russellville vaulted 13-6. Robert Whitehead of Lewisville set a 100-yard dash record in Class B, clocking 10.0.

North Little Rock sophomore Carl Lowe had a wind-aided 9.7 in the AAA 100 and Marshall Fellows of Fayetteville ran a 21.9 in the 220, the fastest in the state.

Fort Smith Southside finished third and Springdale fourth in the AAA division. Russellville was second in AA with 87 points, 20 behind Benton. Searcy, Harrison, Van Buren, Rogers and Siloam Springs followed.

Golf Team Loses to Camden

In spite of their best showing of the year, the Hope High golf team was thumped, 14-4, by Camden yesterday afternoon at Camden Golf and Country Club.

The win gave sweet revenge to Camden, losers by 12-6 to the local golfers last week. The home-course once again proved a decisive factor in the final outcome.

Travis Reynolds of Camden was medalist for the event, firing a 3 over par 74. Hope's Lee Fenwick followed closely with a 75. Tommy Green of Camden also had a 76. Dick Fenwick, Camden, and Ralph Routon, Hope, came in with 79.

The Results: Travis Reynolds, Camden, defeated, Lee Fenwick, Hope, 1 up. Ralph Routon, Hope, defeated, David Crippert, Camden, 1 up. Reynolds and Crippert, Camden, defeated, Fenwick and Routon, Hope, 2 and 1.

Tommy Green, Camden, defeated Danny Reyenga, Hope, 4 and 3. Dick Fenwick, Camden, defeated Fred Ellis, Hope, 2 up. Green and Fenwick, defeated Reyenga and Ellis, Hope, 3 and 1.

Team Totals: Camden 14, Hope 4.

Haber won out over Bill Yambrik of St. Paul, Minn., in a hard-fought tournament final Saturday, 21-16, 21-20. Yambrik once gained an 18-13 advantage over the defending champion but couldn't hold off Haber at the finish.

No Racing Saturday at Aqueduct

By TED MEIER
Associated Press Sports Writer

There was no racing today at Aqueduct, the fifth straight racing day that the huge thoroughbred track in New York City has been closed by a horsemen's strike for increased purse money.

If the strike continues through the week one of the best races of the spring season, the \$50,000 Gotham Mile scheduled for Saturday, will be off. Most of the leading candidates for next month's Kentucky Derby, Damascus, Reflected Glory, Dr. Fager and Successor, have been expected to go in the Gotham.

Brunch, Disciplinary and Nohoc's Bullet also have been listed among the probabilities for the Gotham.

While Aqueduct was dark last Saturday and in reality, winner of the Florida Derby, and Puker, winner of the Santa Anita Derby, had an off day at other tracks, Monitor, Cool Reception and Field Master enhanced their chances for the Derby at Churchill Downs May 6.

Monitor, owned by the Clairbourne Farm, survived a claim of foul and won the \$59,200 Arkansas Derby at Oaklawn Park by a nose over Ask The Fare, another Kentucky Derby eligible who had taken the Louisiana Derby, Monitor, ridden by Jimmy Nichols, set a track record of 1:48 3-5 for the 1 1/4 miles.

Cool Reception, Canada's 2-year-old champion last year, drew out in the stretch under Johnny Sellers and won the Fort Lauderdale Handicap at Gulfstream Park by 3 1/2 lengths. The only 3-year-old in the field, Cool Reception ran the 1 1/16 miles in 1:43 1-5.

Field Master, owned by Mr. and Mrs. J. Hal Seley, beat Proud Land by half a length in the second division of the Gold Rush Stakes at Golden Gate Fields. Field Master ran the mile in 1:36 2-5 over a good track under Bill Mahorney, who also rode Kahl Kabee to victory in the first division.

Moccasin won the Phoenix Handicap at the opening of Keeneland and Many, another filly, scored in the Nellie Morse Handicap at Pimlico. Fighting Steve took the New England Breeders Stake at Lincoln Downs.

Supervisor Named for Ashdown Mill

E. F. LA BERGE

Nekoosa-Edwards Paper Company has named Edward F. LaBerge to the position of supervisor, industrial relations, at its Ashdown, Arkansas, mill. He is now located at the company's general offices in Port Edwards, Wisconsin, where following a familiarization and orientation program he will be engaged in setting up the Ashdown industrial relations and personnel management program.

In announcing the appointment, Robert E. Colling, manager of Nekoosa's Ashdown mill, said, "Mr. LaBerge is eminently qualified for his new position with almost 30 years' experience in all areas of industrial relations and personnel management with nationally known corporations." He has been director of industrial relations at Masonite Corporation, Laurel, Mississippi, for the past 17 years.

A native of Alpena, Michigan, Mr. LaBerge majored in chemical engineering at the University of Michigan. While located in Mississippi, he was active in business and civic affairs having served as committee chairman for several business associations and chairman of the employees division of the United Givers Fund, director of the Laurel Chamber of Commerce, and blood program chairman of the American Red Cross. Mr. LaBerge and his family will move to Ashdown early this summer.

Miss Wright took the women's kayak event, while Wilson captured the men's competition. Bickham won the men's canoe title.

Not Even the Devil Claims Responsibility for the U.S. Suburbs

By HAL BOYLE
NEW YORK (AP)—God made the country, man made the town, but no one, not even the devil, seems willing to accept responsibility for the suburbs.

Like topsy, they seem to have "just grown."

And they are still growing like mushrooms — or toadstools. America is well on its way to creating one of the world's first suburban civilizations.

Some of my best friends live in suburbs, and for the life of me I can't figure out why. Everytime I visit them and return safely to the city I feel like kissing the first skyscraper I meet in gratitude.

People throng here from all parts of the nation — from Oshkosh, Wis., Bygones, Ga., Corn-

cob, Neb., and Big Heap, Mont. — to carve a career in the big city, the city "that has everything."

One out of three of them immediately tries to rent a pad in Greenwich Village, hoping perhaps for a little Bohemian revelry. But what do most of them do after they land a steady job? Move out to a suburb.

If a man works in the suburb where he lives, he can have a fine and happy life. He is probably a native there, and happy in its folkways.

But if a man only uses a suburb as a bedroom and a weekend resort but still has to go to and from the city each day to earn his bread and butter, he is a pilgrim in eternal shuttle, a prisoner of bus or railroad timetables.

He is thrice enslaved — to his job, to his transit system, and to the inordinate demands of his little green and white castle crammed on a quarter acre plot in the suburbs.

His home makes of him an unwilling carpenter, house painter, plumber and general all around unpaid hired man. If anything breaks or goes wrong, he generally has to fix it himself.

Although his aching muscles rebel, he must grow tomatoes in his backyard, even though they end up costing him a dollar a tomato.

Why? Because his neighbor does. Everybody in the suburbs grows tomatoes or loses caste. If you do you're "in," if you don't you're out.

Each Saturday from now until October he must get down on his knees and dig crabgrass from the front lawn.

Why? Because his neighbor does. In the suburbs green lawns are altars, and it is not proper for crabgrass to grow on altars.

But compassion is wasted on the typical suburbanite. If you express sympathy for his plight, he replies indignantly:

"What do you mean? Why I wouldn't live anywhere else for a million dollars."

But what about his kids? They've seen what the suburbs have done to their parents. As soon as they grow up, they want to move to the big city, where conformity is not a hammer and crabgrass is no problem as it can't grow in concrete.

No Monument in Lifetime

MANILA (AP)—President Ferdinand E. Marcos has ordered that no monument or public building erected during his lifetime shall be named after him.

"I feel that while I am alive no monument or edifice should be named after me," the chief executive said in a memorandum sent to the Department of Public Works.

The president's directive came after a pier in Orion, in the central Luzon Province of Bataan, was named the Captain Ferdinand E. Marcos Pier.

Wills' Shoes Subject of Rules Meet

PITTSBURGH (AP)—Mauri Wills' new-style baseball shoes, banned by National League President Warren Giles, will come under the scrutiny of the Baseball Rules Committee.

The shoes are fitted with single spikes similar to golf or track shoes. Wills, the Pittsburgh Pirates' third baseman, wore them during most of spring training and intended to wear them during the season until Giles notified him last week that he considered them illegal.

Now Pirate General Manager Joe L. Brown says he will appeal in New York to Charley Segar, chairman of the Baseball Rules Committee, to make them legal.

"It is my hope we can convince the Rules Committee that Mauri's shoes should be permitted to be used by major league players," Brown said Sunday in Richmond, Va., before the Pirates departed for New York and their Tuesday opener with the Mets.

Giles reportedly contacted Brown over the weekend and said he planned to ask the manufacturer of the shoes to send a pair to each member of the Rules Committee, plus American League President Joe Cronin and himself.

Wills, who holds the major league record for most bases stolen in a season, claims the aluminum-spiked shoes are lighter and easier to run in than the triangular-shaped spikes on concentric on baseball shoes.

"I'm hoping for some approval during the season," Wills said. "Until then, I will wear the normal spiked shoes. Joe Brown has told me to wear the regular shoes and he is my boss."

1936 Arkansas Centennial Edition to Be Re-Issued in Offset Process

Hope Star's Arkansas Centennial Edition of June 26, 1936 — declared by the head librarian of the Alamo to be the best Centennial Edition issued by any newspaper either in Arkansas or Texas that year — is still cherished by historians and the public, but the edition has been out of print for 30 years.

Now the miracle of Offset Printing permits us to reproduce it at a microscopic fraction of its original cost which was \$1,700.

The Star's editor conceived the idea of photographing the old paper and including it in the daily Star one page at a time until all 48 pages had been reprinted. Mechanical Superintendent Billy Dan Jones improved on the idea — photograph the front and back side of each page and insert it two pages at a time in our daily run. That's what we are going to do.

So all you have to do as a Hope Star subscriber is to save the 24 2-page inserts over the next few months, staple them together — and you'll have the reconstructed Arkansas Centennial Edition of 48 pages without any cost other than your regular subscription.

As late as 15 months ago this would have been impossible without resetting the entire Centennial in type and re-engraving all its picture, which if it cost \$1,700 back in 1936, would run \$4,000 or \$5,000 today.

But with the Offset Process all we have to do is photograph the old paper with our giant process camera, make a press plate for the extra two pages, and include them in our daily run.

Look for this miracle in the months to come!

Before you can have great car deals, you have to have a great car.

Only Pontiac dealers have both.

Anytime's a great time to buy a new Pontiac. With great names like GTO, Le Mans, Catalina, Firebird, Bonneville and Grand Prix, there's no such thing as a bad time. But if there ever was an extra-great time to see your Pontiac dealer, it's right now. Because

all this greatness has inspired him to let you write just about any kind of deal on your new Pontiac. So why settle for anything less? Get in on the great ones at your Pontiac dealer's today!

THE WELL CHILD

Skin Grafts on Burned Areas Usually Successful

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

A mother writes that her daughter, 5, suffered a burn of 35 per cent of her body. Much of the burned area consisted of third degree burns. The skin grafts of the front of her neck and undersurface of her chin are contracting and pulling her chin and lower lip out of shape. This mother wants to know whether there is such a thing as a graft of the full thickness of the skin, or if grafts are limited to the outer skin layers.

Distortions due to contraction of scar tissue is one of the difficulties frequently encountered following deep burns. A split thickness graft must be applied to all deep burns to cover the denuded area but, when the graft has taken and the area is fully covered, a full thickness graft must be used in any area that is subjected to stretching, as in the neck or other joints. This is a tedious process but in the hands of a good plastic surgeon the results are usually excellent.

The mother also wants to know whether the grafted area will grow as her daughter grows and how to find a good plastic surgeon. How well the graft keeps up with the child's growth will depend on how much scar tissue is involved. The healthy grafted skin will continue to grow but the scar tissue won't. To locate a plastic surgeon, or any other type of specialist, this mother should contact the nearest teaching hospital or county medical society.

What are the chances of cancer forming in the burned area? This area does not carry any special risk of cancer formation but ulcers of the stomach and duodenum are frequently a complication in persons who have suffered severe burns.

Q—My daughter, 9, has a deep pockmark on her forehead. This is a result of a recent bout of chickenpox. What is the best way to get rid of it?

A—If the pitting is confined to the outer layers of the

skin there are two methods of treatment—chemosurgery, which consists of applying chemicals to erode the skin surrounding the pockmark and dermabrasion or surgical planing, which is accomplished with a steel brush that rotates at high speed. These measures should be attempted only by a qualified skin specialist after he has determined that the process can be expected to help your daughter.

If the pitting is too deep for such treatment she may, when she is a little older, want to adopt a hair styling that covers the pockmark.

HELP FOR MOTHER TERESA
CALCUTTA, India (AP)—Mother Teresa, whom the sick and helpless in Eastern India call "our own mother," has recently received six vans from Caritas Internationalis for her work.

Handing over the vans at a ceremony in Calcutta U.S. Consul-General William Hitchcock said Catholics all over the world contributed to help purchase the vans. The vehicles were imported free of duties under a U.S.-India agreement. They will be used by Mother Teresa in six of the 20 homes she runs in India for the destitute and the sick, especially lepers.

Jim: "Who would you prefer not to have as a partner? The man who always returns your lead or the man who never returns it?"
Oswald: "I'd like to avoid both of them but the man who never returns your lead has to be the less desirable."
Jim: "Like a most everywhere else there is a happy medium. Let's discuss it this week."
Oswald: "Here's a good example from a recent tournament. West opened the deuce of hearts. Dummy played low and East won with the king. East was one of those players who always return their partner's lead so back came the nine of hearts. South won and led dummy's king of clubs. When West let that hold, South led a second club. West ducked again. South cashed the ace of hearts and led a third club which West had to win. West led a low diamond. South went up with dummy's king, came to his hand with the ace of spades and took his last two clubs."

and jack of hearts to wind up with two overtricks."

Jim: "I suppose that East explained that he was afraid declarer would hold both ace and ten of diamonds and that a diamond shift might cost him a trick."

Oswald: "Naturally. It never occurred to East that the odds were three to one that West would hold one of those two cards and that even if West held the nine a low diamond lead might be all right anyway."

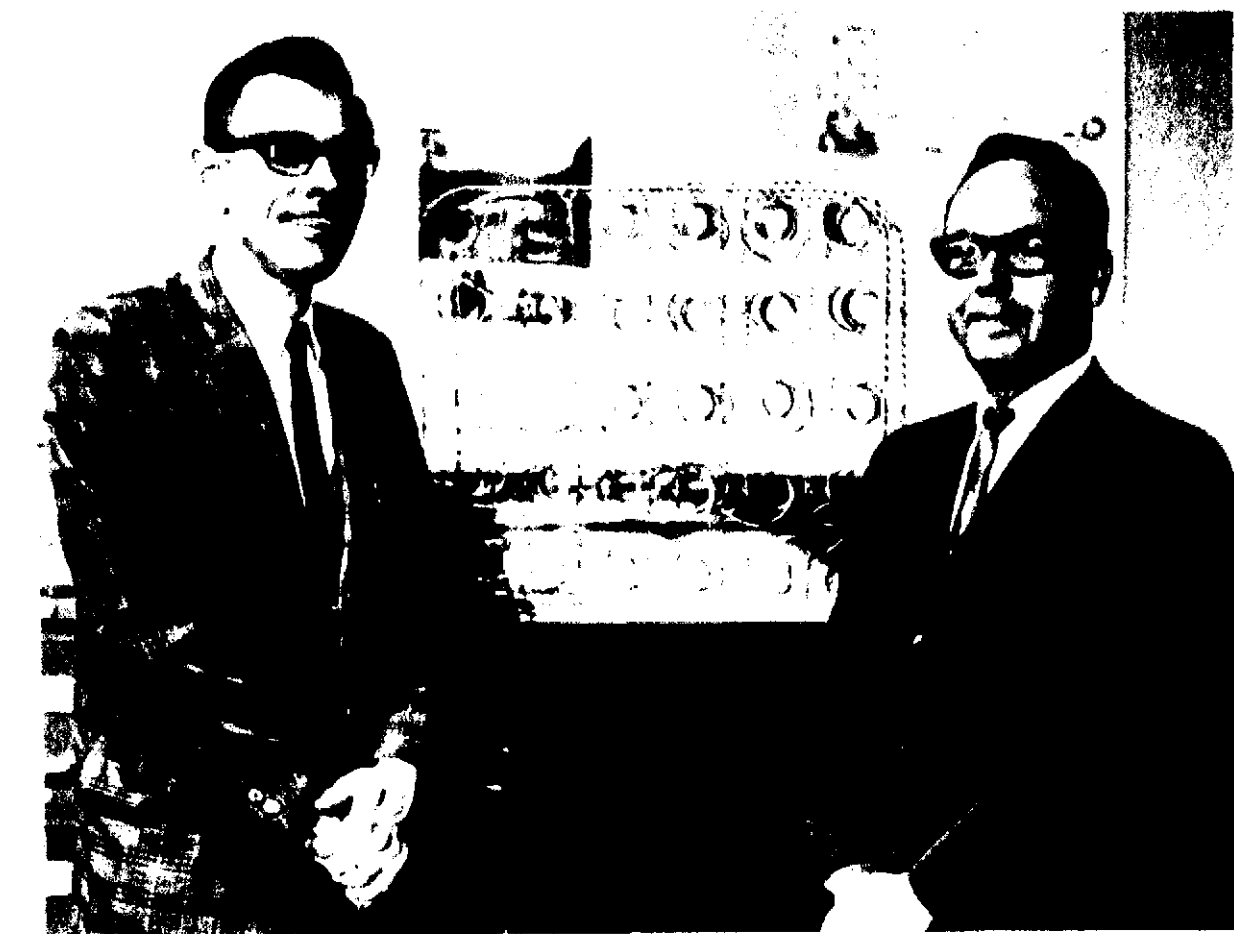

Jim: "The diamond return would hold declarer to his contract. Since North and South were likely to play and make either two spades or three clubs I imagine that East's bad return made the difference between a top and bottom score."

The Chamber of Commerce Board of Directors, after much careful study, has voted to establish another division of the organization, the primary purpose of which will be to establish a fund to be used strictly for industrial development. This division will be known as "The Committee of 100" and each Hempstead County citizen who contributed \$100.00 yearly to the fund will automatically be a member of the Committee.

An Executive Committee of nine members will be elected, by the committee membership, to direct the activities of this new group and two other persons, namely the Chamber of Commerce President and the Chamber of Commerce Manager, will be ex-officio members.

Money raised by this committee will be placed in a special account, and will be disbursed by the Chamber Treasurer and Manager only after prior approval of a majority of the Executive Committee.

"It is a well known fact that the Chamber of Commerce Budget has never had sufficient funds to pay for industrial trips in the past, and we feel that local citizens should not be asked to give of their own time and pay their own way to visit industrial prospects," said Dr. Lester Sitzes, Chamber President. "Personal contact has been proven to be the best way to attract new industry and we have some dedicated people in Hempstead County who will give of their own time for these trips if their expenses can be paid," Dr. Sitzes further stated.

It was announced at a recent Chamber Board meeting that two industrial trips have already been made this year, one in the interest of the expansion of an existing industry and the other pertaining to a new industry. As a result of one of these trips, the Hope Wire Products Company has announced plans for the expansion of their plant by constructing a new building on the Hempstead County Industrial Foundation site on West Avenue B.

Arthur Strech has been named Chairman of a Committee to get this new organization under way and he has announced that the first persons to contribute to the fund are Mr. and Mrs. Lester Huckabee. "Several other persons have indicated that they will also contribute," said Mr. Strech. Other members of the committee are Harold Hendrix and Hulan White.

—Mr. and Mrs. Lester Huckabee and Arthur Strech

On handing this check to Mr. Arthur Strech, Mr. and Mrs. Huckabee had this to say, "Knowing your zeal and determination in procuring industry for Hope and Hempstead County we wish to feel that we had a part with you in this much needed effort. We have all, long realized that more industry with a decent wage scale is certainly the answer for us and we feel that under this new program 'Committee of 100',

LEGAL NOTICE

COMMISSIONER'S SALE
NOTICE IS HEREBY GIVEN THAT in pursuance of the authority and directions contained in the decretal order of the Chancery Court of Hempstead County, Arkansas, made and entered on the 31st day of March, 1967, in a certain cause then pending therein wherein Laura Smith, et al. were plaintiffs, and James E. Davis, et al. were defendants, case No. 9052, the undersigned, as Commissioner of said Court, will offer for sale, at public vendue, to the highest bidder, at the front door or entrance to the Court House in the City of Hope, in Hempstead County, Arkansas, within the hours for judicial sales, on Saturday, the 29th day of April, 1967, the following described land situated in the county of Hempstead and State of Arkansas, to-wit:

The Southwest Quarter of the Southwest Quarter (SW 1/4 SW 1/4) of Section Thirty (30), Township Ten (10) South, Range Twenty-three (23) West, containing 42 acres, more or less.

War Cost to Slow River Proposal

MORRILTON, Ark. (AP) — Dr. Neil Compton, President of the Ozark Society, said Saturday he felt bills pending in the U.S. House and Senate to preserve the Buffalo River in its free-flowing state would pass, but the cost of the war in Vietnam would probably prevent implementation of the project.

He told the spring meeting of the society that the war could delay funds for many years. The society is seeking national river status for the Buffalo while other factions support a dam on the river.

He said the society should "be prepared to fight a holding action until the final realization of the Buffalo National River." He said the battle over the Buffalo is not as critical as a year ago.

Compton said that if the society faces its problems courageously "and maintain our ranks in good order our cause will prevail."

YERGER — SHOVER STREET PTA MEETS

The Yerger-Shover Street PTA met in the high school auditorium Monday, April 3, 1967, at which time a four member panel of two parents and two teachers presented a discussion on "What Young

People Expect of Their Parents." It was pointed out that youth both desire and need in their parents certain traits and attitudes. It was agreed upon that a major causative factor of deviant behavior in youth is an environment shot through with tension, severely lacking in the essential commodities of love, communication, discipline and spiritual training.

Youth desire more than a laissez-faire, "hand off" attitude on the part of parents. While increasing degrees of personal responsibility and freedom to make choices are necessary if a youth

is to grow in maturity, he does want guidelines and reasonable controls. These guidelines can provide the secure home base they so badly need. With this security, the young person is able to develop a positive affirmative attitude toward life.

Second, too many of today's youths are alienated which represents an exaggerated example of the gulf in misunderstanding between young people and their parents. Nothing can bridge this gap so much as a warm, intimate, acceptant attitude on the part of the parent.

Finally, youth respect spirit-

Wallenda Back to High Flying
SEATTLE, Wash. (AP) — The last of the Flying Wallendas has rejected the high wire for a career of high flying.

"I'm going to be a parachute jumper in the airborne division," Steve Wallenda, 17, said Tuesday. "That will be my life's work from now on."

"My father didn't want me to be hurt on wires like so many in our family. I respect his wishes."

Four members of the Wallenda troupe that Steve's Uncle Karl brought to the United States from Germany in the 1920s have been killed and there have been numerous injuries.

Steven, en route to Ft. Lewis, Wash., for Army training, said he looked forward to parachute jumping.

One Remedy for Problem of Car Thefts

In Old Western Days when a light-fingered gent was caught riding a stolen horse there weren't any technicalities over a license plate—but at least the gent's hours were numbered.

This is a flip introduction to the present-day problem confronting Baltimore, where 8,399 automobiles were stolen last year—without a single hanging, of course. But an automobile isn't quite as defenseless as a horse against thieves; it has a lock, which is effective—if used.

And here's where we get to the point of the Maryland metropolitan problem and solution. Baltimore Mayor Theodore R. McKeldin found that 42 percent of last year's 8,399 stolen cars had been left unlocked by their drivers.

Now a professional car thief can wire around the best of locks and make off with your vehicle; but if you deliberately leave it unlocked you have virtually extended a challenge to the first passerby to go for a ride—making endless trouble for the police and hiking the cost of automobile insurance for everyone including yourself.

Mayor McKeldin comes up with an idea: Enact legislation to permit police to remove the keys from any unoccupied car left on the street, file the keys at police headquarters, and make the owner identify himself before he can use his car again.

This is an excellent idea, to which I would add a nominal fine to compensate the city for its patrolmen's time. And it's an idea that should be executed right here in Hope, too.

Application of the regulation, of course, would be limited to cars parked on the street. It would not apply to parking lots, where keys sometimes are required to be left in the cars so they can be moved—in cases where the parking lot has an attendant.

The rising tide of car thefts obviously is as much a problem of careless car owners as of thieves. And Baltimore has just voiced a bold and effective remedy.

Prisoners on Strike at Cummins

CUMMINS PRISON FARM, Ark. (AP)—Prison Superintendent O. E. Bishop said Sunday 25 white prisoners were camped outside the prison mess hall, protesting the food.

Bishop said 36 prisoners went on a sit-down strike Friday and 11 were placed in the solitary confinement building. Bishop said all the protesters have been getting to eat since Friday is bread and water.

Capt. Clay Smith said the prisoners said they would not return to work until they had better food, an eight-hour work day and 15-minute breaks in the morning and afternoon.

Smith said some of the men had apologized for their action and had asked to return to work this morning. He said the menu Friday consisted of ground beef with macaroni, great northern beans with chopped pork, fried kraut and cornbread.

Two Escapees Re-captured

JONESBORO, Ark. (AP)—Two Tucker Prison Farm escapees were captured Saturday near here, according to the State Police. Officers identified the escapees as Glenn Bice, 26, and Richard Richardson, 24.

Richardson was captured just east of Jonesboro in a stolen car he was driving. Bice was captured in a wooded area near Egypt. Both were serving five years for grand larceny.

Injuries Fatal to Arkansas GI

FORT SILL, Okla. (AP)—Spec. 4 Sammy Ray Lewis, 25, of Little Rock died Sunday morning at Reynolds Army Hospital here of injuries received Friday night in a motorcycle accident.

Authorities said the accident occurred west of Lawton, Okla., on Oklahoma 49.

Tentative TV Strike Settlement

By NICHOLAS PILEGGI
NEW YORK (AP)—Negotiators reached a tentative settlement today in the nation's first radio and television strike that put celebrities on picket lines and programming on a schedule of old films and reruns. The strike began March 29.

Terms of the agreement between the American Federation of Radio and Television Artists and ABC, CBS and NBC were not revealed pending a union vote, but shirt-sleeved bargainers laughed and shook hands as the settlement was announced at 6 a.m. today after a session that began at 11 a.m. Sunday.

Pickets still walked outside NBC at Rockefeller Center in New York City, however, and mediators would not say if the lines would be withdrawn. No date was announced for the union vote on acceptance.

"The strike is still on," one picket said. Immediately involved in the settlement was the fate of the motion picture Academy Award show, scheduled for tonight on ABC. It was not known if arrangements could be made to broadcast the show.

Observers said a break in the talks came at 3 a.m. when the parties met jointly with federal mediator Ralph C. Patterson. They talked for an hour and 20 minutes then separated with a network spokesman, announcing: "The union people will call us when they want us."

Violence in Nashville Negro College

By BOB GILBERT
NASHVILLE, Tenn. (AP)—Sporadic violence continued early today in the Negro college section of Nashville where gunshots, fires and looting marked the second straight night of racial trouble and left one student seriously wounded.

Police charged two Negroes with inciting a riot. They were identified as George Washington Ware, 26, of Atlanta and Ernest Stephens, 25, of Tuskegee, Ala., and were held under \$2,500 bond each early today.

Ware told police he was with "black power" advocate Stokely Carmichael here Saturday. Stephens said he was a worker for the Student Nonviolent Coordinating Committee, headed by Carmichael.

The charges stemmed from riots which erupted Saturday night—a few hours after Carmichael spoke at a symposium at predominantly white Vanderbilt University. The violence was triggered when police ejected a Negro from a Negro tavern at the owner's request. Police said Carmichael was not seen in the area of the rioting.

One Negro college student was shot in the neck Sunday night and hospitalized as Negro rioters fired at police, stoned passing cars and roamed the streets between the campuses of predominantly Negro Fisk and Tennessee State universities a mile apart.

In two nights of violence, at least 50 persons were arrested. Most charges ranged from disorderly conduct to unauthorized possession and transportation of explosives. Four white men arrested had a shotgun and a pistol in their possession. Police arrested six men and a woman at a house where officers said they found some Molotov cocktails—fire bombs.

Three businesses, one owned by a white man, were set afire by Molotov cocktails, police said, and one vacant house and several trucks caught fire. Rocks were thrown at the flames, which were extinguished quickly.

At a food store, several Negroes fled under a hail of police bullets after a window was broken.

24th Annual Kiwanis Minstrel Scheduled Here This Weekend

The 24th annual Hope Kiwanis club minstrel and variety show will be held at 8 p.m. Thursday and Friday at city hall auditorium.

Three new end-men have been cast in this year's production, including John "Half Truth" Graves, Dean "Bo-Diddle" Murphy and Bill "Red-Bud" Hairr. The other three end-men are veterans of many shows. They include:

Harry "Mishap" Hawthorne, Guy "Perpetual" Grigg and Eddie "Axle Grease" Whitman. The interlocutor will be Arthur Strech. Accompanists: Mrs. Ramona Strech, Winfred Huckabee and Jerry Johnson.

Music preceding the show and at intermission will be by the Hope High School stage band under the direction of Richard Keyton.

There are seven specialty acts featuring Doug Cross, Marilyn Baber, Dr. Lowell Harris, Crit Stuart, Sr., "Mishap and Red-Bud", Dr. Lowell Harris and Marilyn Baber.

The minstrel Circle will be composed of about 20 Kiwanians and Kiwanettes.

One thousand tickets for the two-night engagement went on sale last week, and may be purchased from any member of the club. K. G. Hamilton is chairman of the ticket committee.

More than \$33,000.00 has been expended by the Kiwanis club on boys and girls youth projects, activities and recreational programs in Hope during the past 23 years. The club is grateful to the Hope public for supporting the Kiwanis shows which have been the major fund raising source throughout the years.

This year the club has pledged \$3000.00 to the City of Hope and the City Parks and Recreation Commission for enlargement of Park, in order that the State Little League Baseball Tournament can be held in Hope this summer.

Rehearsals for the show have been held for the past two weeks, and the season's opener is scheduled for Tuesday night at Foreman which is sponsored

Fitness Is Subject of Rotary Meet

Basing his message on the Royal Canadian Air Force booklet about exercise and physical fitness, Rotary Club President Paul Klipsch presented an informative program at the club's luncheon meeting Friday in the Town and Country.

"While no single exercise can fill a complete need, running is the most satisfactory in a number of respects," the speaker said. He also told of isometric exercise and illustrated it with the use of a rope-and-pulley frame designed for that purpose.

President Klipsch was very enthusiastic about the Royal Canadian Air Force exercise program and urged everyone to consider going into it. He said, "Exercise for longevity. It will also improve your golf game. And you are never too old to start."

Besides the club members, J. E. Pruden of Sidney, O., also attended the meeting. During the business session, the club voted to sponsor a delegate to Boys State, as it had already voted to sponsor a delegate to Girls State.

Plane Overshoots the Runway

SPRINGFIELD, Mo. (AP)—A private plane, piloted by Floyd Gibson of North Little Rock, Ark., overshot a runway here Sunday and spun to a stop across a busy street narrowly missing two occupied homes.

Gibson's passengers were identified as Myron L. Hicks, also of North Little Rock, and Dr. and Mrs. John P. Ferguson of Springfield. No one was injured.

jointly by the Foreman and Hope Kiwanis clubs.

The Foreman club was organized only a few months ago under the sponsorship of the Hope club. Reports from Foreman today said the entire high school auditorium with a seating capacity of 525 had been sold out.

The show has a cast of 40, with new jokes, songs, dances, music and spacial acts which promise a delightful two hours, with a ten-minute intermission break.

Truck Tie-up Threatened by Union

CHICAGO (AP)—Hundreds of the nation's trucking firms, embroiled in a labor dispute with the Teamsters Union, vowed not to let a single cross-country truck on the road today. Some predicted dire effects on the economy.

Some union men agreed the truck tie-up would hurt the economy.

Nobody involved knew just when the effects would show up. Many said it might take a week or more.

National talks with the Teamsters ended at 4 a.m. Sunday in Washington. Later in the day, Trucking Employers, Inc., a federation accounting for 65 percent of the U.S. long-distance trucking, called its non-member firms to lock out their drivers. The federation later termed the order 100 per cent effective.

The tie-up came amid sporadic drivers' strikes, which began several days ago as negotiations headed toward an impasse. The Federal Mediation and Conciliation Service said it would meet today with the trucking employers in an effort to get talks moving again.

Truckers' wages range from \$3.25 to \$5 an hour. They are asking a 7 per cent wage boost, which would raise the range to from \$3.74 to \$5.35 an hour. The carriers offered a 5 per cent increase.

Unofficial reports held that the employers and union were less than 10 cents an hour apart on wages but much farther apart on fringe benefits.

Harvey L. Werner, president of Werner Transportation Co., and the Minnesota Trucking Employers Representative, said a nationwide shutdown could close 65 per cent of the businesses in the Minneapolis-St. Paul area. Gordon Conklin, head of Teamsters Joint Council 34 in St. Paul, said efforts would be made to move vital goods such as hospital supplies.

Major Killed in Small Plane Crash

MOUNTAIN HOME, Ark. (AP)—One member of the 563rd fighter squadron, Maj. Dale R. McKenzie, 34, was killed and three others injured Sunday afternoon when their small plane failed to clear a tree about three miles south of Bull Shoals.

Authorities said eyewitnesses told them the plane, a single-engine Cessna 172, clipped a tree and then hit some power lines after taking off from an airstrip at Gaston's White River resort. State Police said the plane fell into a wooded area.

Authorities said the other three persons involved in the crash, Capt. Thurston F. Knapp, 35, Maj. Kenneth G. Frank, 36, and Capt. George H. Peacock, 31, are in satisfactory condition. All were stationed at McConnell AFB in Wichita, Kan.

Officials at the air base said the four men were veterans of the Vietnam conflict. Knapp and Frank were hospitalized here. Peacock was taken to the Boone County Hospital in Harrison. A spokesman for the resort said the officers arrived Friday and were returning to Wichita.

Westinghouse Promotes Hope Man

TRENTON, N. J. — Thomas G. McBay, Jr. has been appointed works manager of the Westinghouse lamp division plant here.

The announcement was made by Philip F. Dietz, Westinghouse incandescent lamp department manager. The Trenton works, established in 1917, produces a wide variety of incandescent light bulbs used in residential, commercial, and industrial applications. A huge lamp shipping center is also located there.

Born in Hope, Arkansas, Mr. McBay graduated from the local schools there. He received a B. S. degree in electrical engineering from the University of Arkansas. In 1954 he joined Westinghouse as a manufacturing engineer at the Little Rock lamp plant. In 1958 he transferred to the Bloomfield, N. J. works as a quality control engineer. He returned to the Little Rock works the following year as supervisor of engineering.

Active in civic affairs in Little Rock, Mr. McBay was committee chairman of a cub scout pack. He served as a loaned executive to the Pulaski County United Fund and has been Sunday School Superintendent of the University Baptist Church.

Mr. McBay has been residing with his wife, a son, and three daughters at 4 Sheraton Circle in Little Rock. The family plans to move to the Trenton area shortly.

AP&L Taxes in County \$2,115.89

The Hempstead County collector has received a check from Arkansas Power & Light Company amounting to \$2,115.89, the first quarter payment of the power company's 1966 ad valorem taxes, due April 17th.

Ben F. Smith, manager of AP&L insurance and property taxes, Pine Bluff, noted that first quarter checks totaling \$1,248,738.00 were distributed to county collectors. The payments represent ad valorem taxes paid on real and personal property of the power company in each of the counties in which there are AP&L facilities. The assessment, Smith said, is based on property values as of January 1, 1966.

AP&L's total 1966 ad valorem, special ordinance and special improvement tax bill, payable this year, is \$6,740,863.00. These monies, Smith pointed out, help to pay for county and city services and provide support for the public schools.

Total 1966 ad valorem taxes paid this year to Hempstead County of \$8,463.00 will provide the following support: \$6,711.00 for schools; \$1,510.00 for the county; and \$241.00 for cities.

AP&L's tax support of local, state and federal governments reached a record high of \$21.9 million in 1966. This required the company to set aside 22 cents out of each dollar of revenue for tax purposes.

DUMAS, Ark. (AP)—Police officers said Grove Smith, about 55, of Wells Bayou died Saturday in a Dumas hospital shortly after a horse fell on him at his farm.

Appollo Program Still Delayed to Overcome Some Deficiencies

By JIM STROTHMAN
AP Aerospace Writer
CAPE KENNEDY, Fla. (AP)

America's man-to-the-moon program faced further delay today to allow time to overcome workmanship and management deficiencies revealed in a blue-ribbon board's final report on the spacecraft fire that killed three U.S. astronauts.

The eight-man board which spent seven weeks in an exhaustive investigation of the Apollo 1 tragedy said it uncovered "many deficiencies in design and engineering, manufacture and quality control."

The report recommended a major overhaul of Apollo spacecraft, including a quick-escape hatch, fewer combustible items inside the moonship, and a review of components in Apollo electrical, communications and life-support systems.

House and Senate Space Committee members said the National Aeronautics and Space Administration and its contractors should take time to correct the ills.

"These deficiencies must be catalogued and corrected and must not be repeated," said Sen. Clinton P. Anderson, D-N.M., chairman of the Senate Aeronautical and Space Sciences Committee.

Rep. Olin E. Teague, D-Tex., whose subcommittee on NASA oversight begins its own Apollo 1 investigation today, said "there were all kinds of carelessness, and some of it was unbelievable."

The Apollo 1 board-of-review said in its final report released Sunday that a bruised or broken wire most likely sparked the blaze that killed Air Force Lt. Col. Virgil I. Grissom and Edward H. White II and Navy Lt. Cmdr. Roger B. Chaffee in a launch pad test Jan. 27.

While "no single ignition source could be conclusively identified," the report said the probable cause was either an electrical arc or short circuit in "DC (direct current) wiring . . . providing power to environmental control system instrumentation."

An electrical arc is a band of sparks between two closely placed electrical sources, such as open ends of a broken or bruised wire.

In its 3,000-page final report, the board said the fire is believed to have started in the left-hand equipment bay, beneath Grissom's couch, where the suspected wiring was located.

The board, headed by Dr. Floyd L. Thompson of NASA's Langley Research Center, said it found numerous examples of spacecraft wiring which had been poorly designed and installed in Apollo 1.

The board released a picture showing a wrench socket that had been inadvertently left wedged among several cables in the area where the fire is believed to have started.

Fighting Flares, 315 Enemy Dead

By GEORGE MCARTHUR
SAIGON (AP)—The U.S. command today reported a sharp increase in ground actions throughout Vietnam with 315 Communists killed in the preceding 24 hours.

The first wave of three B52 bombers to be based in Thailand arrived there today from Guam after dropping 180,000 pounds of bombs on a suspected Communist camp only 31 miles from Saigon.

Nine more B52s will move to Utopia Air Base, in southern Thailand, later this month, cutting their round-trip time for raids on South Vietnam from 12 hours to less than three.

The ground action included a sharp barrage of recoilless rifle shells on the U.S. 25th Infantry Division headquarters at Cu Chi, about 25 miles northwest of Saigon. The pre-dawn shelling, which killed three American soldiers and wounded 20, was the second in two days. The helicopter-borne U.S. 1st cavalry, Airmobile, Division headquarters at An Khe was hit Sunday.

American pilots flew 96 missions over North Vietnam Sunday despite bad weather. All-weather jets hit the Thai Nguyen steel plant 35 miles from Hanoi and other raids struck an aircraft missile sites 30 miles from the Red capital.

Heavy ground fighting raged 20 miles southwest of Saigon after U.S. 9th Division soldiers flushed a major force of Viet Cong guerrillas in a running two-day fight. Battlefield reports listed 166 Viet Cong dead from infantry, air and artillery pounding.

The battle erupted Sunday when a 9th Division "sweeping force" ran into skirmishes of a 750-man guerrilla battalion. Planes and artillery began pounding the Reds, who scattered with units of the 9th in pursuit. Heavy fighting was reported several times throughout Sunday night and this morning.

Continuing the sweep in the muddy delta paddylands, the 9th Division reported it was again in heavy contact this afternoon, with jet strikes and artillery again pouring in.

Mrs. Delaney served as speaker for a Buss Session group in the afternoon analyzing club procedures in a pro and con discussion.

Members heard program suggestions from speakers Treble Shaw, State B and P W President, Roberta Yant, Personal Development Chairman, Charlene Tipton, Public Relations Chairman, and Betty Gordon, Membership Chairman.

Says Governor Out of Line

ROGERS, Ark. (AP)—Former State Rep. Hardy W. Croxton of Benton County said Sunday Gov. Winthrop Rockefeller was out of line when he said he opposed including party labels in voter registration.

Croxton said 23 other states used the party affiliation requirement.

"I think it takes a lot of nerve to ask for the right to vote in another's primary election," Croxton said. "The latter is partisanship where it hurts."

The General Assembly passed legislation to require voters to list party affiliation on their registration forms. Rockefeller said he hoped petitions would be circulated calling for a referendum on the act.
